👤 PROFILE

- Hardworking College Student working towards a B.S. in Computer Engineering.

📁 EMPLOYMENT HISTORY

IT Intern at Amur, Grand Island, Ne
May 2024 - August 2024

At Amur, I served as an IT Intern, where I focused on troubleshooting technical issues and writing code for internal projects. Working within the ticketing system, I addressed various IT problems that arose, ensuring timely and effective resolutions. I also assisted with technical support, contributing to the enhancement and maintenance of internal tools. Balancing this role with my academic responsibilities, I gained valuable experience in problem-solving, teamwork, and technical support, all while honing my coding skills in a professional setting.

Sales Associate at Menards, Grand Island, Ne
October 2020 - August 2023

At Menards, I served as a Sales Associate in the Plumbing department from 2020 to 2023. I assisted customers with special orders, maintained inventory, and ensured a positive shopping experience. Juggling school and work, I managed 20 hours per week during the school year and 40 hours per week in summers. This role enhanced my interpersonal skills and ability to multitask in a fast-paced environment, emphasizing teamwork and problem-solving.

Detasseler at Bowling Detasseling, Grand Island, Ne
July 2017 - August 2018

As a Detasseling Team Member at Bowling Detasseling from 2017 to 2018, I played a crucial role in coordinating teams and overseeing the detasseling process. Responsibilities included organizing crew members, leading them in tasks such as pulling tassels, and ensuring efficient workflow.

🎓 Education

Computer Engineering, University of Nebraska Lincoln, Lincoln, Ne
August 2023 - Present

At the University of Nebraska Lincoln (UNL), I'm pursuing a Bachelor's degree in Computer Engineering, expected to graduate in May 2027. Currently a sophomore, I'm actively engaged in coursework covering programming languages like Java and C, along with practical skills such as troubleshooting and software development. UNL provides an ideal environment for academic and practical skill development, setting the stage for success in the field of computer engineering post-graduation.

High School Diploma, Northwest High School, Grand Island, Ne
August 2019 - May 2023

At Northwest High School in Grand Island, Nebraska, I graduated with a GPA of 4.0 on a 4.0 scale, ranking 25th out of 193 students in my class. During my time at Northwest High School from 2018 to 2023, I actively participated in various extracurricular activities, including Show Choir, where I served as a Section Leader, helping fellow students learn music. Additionally, I showcased my talents in musical productions such as FAME, The Little Mermaid, and Tarzan, taking on roles ranging from secondary lead to lead roles. These experiences honed my leadership, teamwork, and performance abilities. As a dedicated student, I consistently earned recognition on the Honor Roll and received Academic Letters annually. My time at Northwest High School laid a solid foundation for my academic and personal growth, preparing me for continued success at the University of Nebraska Lincoln.
